Take a look at how our program can help take the stress out of your supply chain.

Fast Claims Payment

Never stress about tracking down a claim again. Claims are typically paid in a matter of days, and you can access the claims portal 24/7.

Full Value Reimbursement

Get what it's really worth. With InsureShield® shipping protection, you're protected up to invoice value plus freight in the event of a loss or damage.

Concealed Damage

The InsureShield program gives you up to 90 days to report concealed damage. Give your customers peace of mind knowing they have time after a shipment is delivered to identify any damage.

Extended Claims Period

Submitting claims shouldn't have to be a race against the clock. Relax knowing that you have 9 months to file claims.

High Limits

Access shipment protection up to \$50,000 can give you peace of mind with protecting higher-value shipments.

Non-Delivery Protection

If a shipment is headed back to you due to being refused or returned, you're still protected. That way, if a package gets damaged or doesn't find its way back for any reason, you're not out of luck.

Expedited Reshipment

When the worst does happen, your customers will never have to go without their item for long. You can reship and relax because expediting costs (up to 20% of the insured value) are included.
